 Huntington Beach, CA |  dylanborst888@gmail.com |  714-625-1813

---

## Objective

*Motivated and dependable student with strong problem-solving, organizational, and teamwork skills. Seeking a part-time opportunity to contribute to a team-oriented workplace while continuing my education in Mechanical Engineering.*

---

## Education

**Orange Coast College** – B.S. Mechanical Engineering (*in progress*)

Expected Transfer: Cal State Long Beach, Fall 2026

**GPA:** 3.8

## Relevant Coursework:

- Calculus III (Completed)
- Introduction to Engineering (Completed)
- Design and Fabrication I (Completed)
- Python for Data Analysis (Self-learning)

---

## Skills

**Technical Skills:** SolidWorks (sketching, part modeling, assemblies); Microsoft Excel (formulas, tables); Python (in progress: data analysis, NumPy, pandas)

**Soft Skills:** Attention to detail; Analytical problem-solving; Self-motivated learner; Organized and dependable

---

## Projects

**SolidWorks Portfolio** – [GitHub Repository](#)

- Recreated a parallel jaw clamp in SolidWorks from technical drawings
- Independently modeled parts, assembled components, and applied motion studies
- Practiced parametric design principles and constraint-based assembly
